Subject: Going with God's Plan

Good day all. Our Father in Heaven has a Master Plan for each and every lifestream on earth, and knows *every* step, and *every* detail, that formulates that Master Plan. Whether we are moving house or changing careers, or dealing with an obstacle that has come into our life, our Father in Heaven is already one step ahead ~ and waiting to deliver the perfect experiences in response to the choices we make in our life. For within this Master Plan is our karmic debt we must settle with the Banker, who has loaned us the energy to live out this life. And if we have tarnished that energy we have been loaned by the Banker, we must remove that tarnish to settle the score ~ where we will endure an experience of 'rough and tumble', to tumble and polish the mind at its core. Yet if we *resist* that experience with a mind of discord, and do not bow in reverence to the Father Creator, with a heart of repentance, we will further tarnish the already tarnished energy and add to the debt some more! Here we must pray to be *thankful* for the Master Plan that includes every experience we could ever endure, and remember that our Father is eternally polishing our heart and mind to be pure. Amen. And may you all be blessed in our Father's love and grace.
