Subject: The fundamental difference

Good day all. Many in this world, and even those of very high abilities and knowledge, tarry on the spiritual path with the belief they are walking the path towards union with God. Yet there is a fundamental difference between those who are truly walking the path, and between those who are not walking the path, towards union with God. This fundamental difference is *reverence* for every experience they encounter ~ for if the spiritual seeker, on the path towards union with God, cannot hold reverence in their heart for every experience they encounter, they cannot be said to be on the path towards union with God. This reverence is critical for the spiritual seeker, for every experience on the path towards union with God is an experience delivered by the *Hand* of God ~ and unless we bow down to the great Hand of God, and bless the Hand that delivers us from evil, we will reject God's Hand and join the cavalry of darkness, that is the *antithesis* of reverence.

Amen. And may you all be blessed in our Father's love and grace.
