Subject: The Great Singularity

Good day all. Our dedication to the path of seeking unity with God, begins in the mind with a thought of singularity that we are each a spark of the One Great Light ~ that while appearing to flicker as an individual light, of the One Great Light, is the realization we radiate as every particle of light. Thus we must don the mind of omniscience, which is the non-dual mind of the Great Singularity ~ for how can our Mind that *appears* to be divided, *ever* be divided, in the land that never was?

Amen. And may you all be blessed in our Father's love and grace.
