Good day all. There are times, in fact many times, when on the path back to God we will fall from grace ~ and will stumble and fall from the Way of Christ. Our Father understands our propensity to fall and encourages us to rise from each fall with all the power we can muster and to saddle our self back upon the white horse. For it is this white horse of purity in the Way of Christ that will lead us to redemption in our Father’s grace. But each time we fall we must ask our Father to clear the slate, and fall to our knees in holy repentance ~ for we can only be re-saddled back upon the white horse through the holy act of repentance. Amen. And may you all be blessed in our Father’s love and grace.
