Subject: The dawn of a new age

Good day all. Let us imagine a day in time, when those of this world in the dimension of time, go beyond the *shadow* of time, into the light of a world beyond time. When we look around we see humanity *racing*. When we look around we see humanity *chasing*. When we look around we see humanity *bracing* ~ for what will come in the dimension of time. For in the three times, of past, present and future, humanity is bound to the chain-wheel gang of racing, chasing and bracing. Like a hamster going 'round and round' on a not so merry merry-go-round, it will be the dawning of a new age that will bring the merry-go-round to a complete and utter stop. Let us no longer look for pleasure in a pleasure-less world ~ for in the seeking of pleasure on the merry-go-round we are bound to the misery of the cycle of pain.

Only in the *racing* do we feel our mind racing. Only in the *chasing* do we feel our mind chasing. Only in the *bracing* do we feel our mind bracing ~ for the inevitable rhythm of 'pleasure and pain' of the merry-go-round of the three times. Amen.

And may you all be blessed in our Father's love and grace.
